

## Declaration of Membership

One Vermont is committed to a state that works for everyone – where each of us contributes to and enjoys the state’s prosperity. A prosperous state does not happen by accident; it requires a sustained investment in, and maintenance of, our essential public endeavors; including:

- physical structures (e.g., roads, parks, affordable housing, water and waste systems);
- democratic institutions (e.g., courts, election systems); and
- social and community services (e.g., health, public protection, schools, human services, community development, libraries, natural resource protection, job training).

The daily functioning of our state depends on these public systems. With these tools we support our families, protect our land, underpin our economy, and uphold our values. They are the foundation of our quality of life and of the vitality of the beautiful place we call Vermont.

One Vermont seeks to bring Vermonters together to support our state’s public investments and help build a society that works for all Vermonters based on these fundamental principles:

- Equal access to information and opportunity;
- Equitable and sustainable fiscal policies that promote long-term prosperity and security for all Vermonters;
- Involvement of citizens from across the state.

### For Individuals:

I, \_\_\_\_\_ am committed to the mission of One Vermont and these principles, and I hereby become a member and agree to be identified as such by One Vermont.
